Welcome Cowboys,

Folks welcome to the all-new See & Believe Event that is teamed with Paulson Cattle's Diva's and Donor's the same day at the Danner Sale Center in Muscatine, Iowa. It is an honor and pleasure to get to work with the Danner family on this event.

Ben Danner and his family has a history, heritage, and a tradition of breeding real world, honest, practical cattle that fit in an every day production scheme in multiple types of environments. Ben's eye for selection is one of the best in the business. Come see and believe for yourself, Thanksgiving weekend. There is no place else to be! Perhaps no other set to sell this fall will have the economic impact on the new owner's herd as what these will. There will be others that will be over promoted and hyped and will sure to be several sets that will be over sold. But dollar for dollar, nowhere else will offer cattle for improvement like these, truly the kind you lay awake at night dreaming to find!

As always if I can assist in any way, please feel free to contact me.

Thank you,
Kevin Mears

These two are full sibs, the old Lucky cow has done a phenomenal job for us over the years. As she did for Duis' long before she ever came here. This pair of Hannibals are as long and big hipped as they come and have consistency lined up on both sides of their pedigrees.

Ok what can we say about a Who Da Man X Heat Seeker mating that hasn't already been said? Really? Over three dozen calves for over \$10,000 and a dozen over \$20,000 at Sullivan's alone, over the last three years! This is perhaps the most constant matting of club calf genetics in the game right now! Have you seen a bad, or even a common one out of Who Da Man? Nope, I sure haven't.... Perhaps that is why what limited semen that is still out on the market sells regularly for over \$1,000 a STRAW.... With that said think about what our donor has done.... Spot has already produce a AI Promotional sire in Monarch, several high selling and champion steers, add to that she is the dam or grand dam of some of this sales best cattle, and she is still a young cow with a bright future. Not may things in life are fool proof, but this is! Bid with confidence!!!
