BPF GIRLS OF SUMMER SALE • SATURDAY, MARCH 26TH

Friends and Guests

There are many places for you to make a show heifer purchases but at Bushy Park Farms they strive 365 days a year to be your only choice. It is my pleasure to assist as a marketing agent for BPF and allow me to share a little insight to what makes the program so very special and unlike no other in the industry today.

1. I invite you to study the cattle offered in this event, note the amazing style and balance that all the cattle possess.
2. Study the record of performance in show ring, and follow those cattle as they find success in the pasture for their new owners. The percentage of show females who continue on as breeding pieces and out produce themselves is staggering and unprecedented in the show cattle industry.
3. Combine these factors with the BPF Incentive program and you see why the choice to ad Bushy Park females to your program becomes clear.

The last 6 months has seen unprecedented profits across all facets of the industry, and now more than ever is the time to invest in the future of your program.

As always, if I can assist you in any way please feel free to contact me.

The 3rd "She's A Lady" Futurity Show will be held in conjunction with the 2011 National Junior Maine-Anjou Show in Kansas City, Missouri.

On behalf of the entire Bushy Park Farm staff, I would like to invite each of you to join us on March 26th for our 2nd annual Girls Of Summer Sales event. We are excited to once again offer the very best that the Bushy Park Farm program has to offer.

Our success, as we see it, is largely dependent on our customers' success. Each year, the bar is raised to make sure we bring you the quality you have come to expect, and this year is no exception.

We can never emphasize enough the importance of our loyal customers, as well as the opportunity to welcome new customers to our program; we sincerely appreciate your support and wish to publicly thank you for your friendship and business and for putting your faith in us.

A business is only as good as its employees, therefore I would like to recognize and thank Cory and the rest of the crew for their tireless efforts and hours of dedication, and their commitment to the Bushy Park Farm program.

A special thank you to the Bruce Brooks family for their gracious hospitality and the use of their beautiful sale facility.

Please join us on March 26th. If we can assist you in any way please don't hesitate to call.

Sincerely,
Steve Robinson

SALE TERMS

We will be using the buyer number system at this auction. You will have to register with the clerks prior to the bidding. Terms will be cash or good check with proper ID. All cattle are to be paid for immediately following the sale and are not to be loaded until settlement has been made.

All animals sell to the highest bidder. The auctioneer will settle any disputes and his decision will be final.

GENETIC MATERIAL- Bushy Park Farms reserves the right to collect genetic material (DNA) for cloning purposes on all animals sold. This right transfers with the ownership of the animal for the life of the animal.

RETAINED FLUSHES- Bushy Park Farms reserves the rights to one successful flush or may partner with the buyer on two, at the buyers convenience.

SEMEN RIGHTS- Bushy Park Farm keeps a semen interest on bulls sold to utilize for in-herd use only.

BREEDING GUARANTEE- All animals offered for sale are guaranteed in accordance with the recommend terms set forth by the applicable breed association.

TRUCKING- Bushy Park Farms and sale management will be happy to assist customers with trucking arrangements. We will group cattle and get them headed in your direction at a reasonable rate, but neither Bushy Park Farms nor sale management assumes any responsibility for the pricing of trucking or the collection of trucking fees.

HEALTH- As calves, all cattle were vaccinated and booster shots were giving in the fall for IBR, BVD, P13, BRSV, 7-Way Pasteurella, Haemophilus, Vitamin A, D, & E, and have been poured with Ivomec. All animals will be accompanied by an interstate health certificate. Insurance information will be available sale day.

ABSENTEE BIDDING- We suggest you give the sale management and staff, consignors, or consultants, a call to visit about the lots you're interested in, if you are unable to attend: Allow our marketing team to assist you. We would be honored to visit with you about the cattle and assist in finding lots that fit the bill for your program. The staff and consignors will be glad to work with you to find cattle that are within your budget and get the most VALUE for your money. For absentee bidders, we take special care in filling your order with the best cattle in the dollar amount

you give us to work with. By using our representatives, we can suggest cattle that you may not have chosen based on their catalog photos alone. Stock Options Marketing and its associates will select cattle with your needs in mind and represent the cattle in a fair and honest manner. We will accept your bids with confidence and integrity to act on your behalf. For sight unseen purchases, place your bids with confidence. To use our marketing team, call Kevin for more information at 937.533.0169.

This is a free service, but you **MUST** pre-register and have a bidder number assigned to you to use it. To pre-register, please call Kevin at 937.533.0169 or Cory Thomsen at 605.730.2397, preferably before 10:30 sale day. Absentee bidders must pre-register before the start of the sale. You may be required to list your Drivers License Number and a credit card. Note: all info will be kept confidential and is only used to verify a potential bidder's validity if unknown to the sale staff or consignors. Payment for all absentee bidders must be secured in full before cattle leave the sale, the consignors, or the marketing agent's possession. **NO EXCEPTIONS.**

LIABILITY- Persons in attendance of this sale do so at their own risk. Owners, sale facility, sale management or its staff, cannot be held responsible for accidents that may occur. Animals become the new owner's property and assume all risk at the fall of the hammer. It is understood that the auctioneer, sale management, and its staff serve only as agents between the buyer and seller, thus cannot be held responsible financially, or otherwise, for any duties or warranties expressed or implied. This catalog was compiled by the sale management with information supplied by the seller and is believed to be honest and accurate as presented. Sale management will in no way warranty pedigrees, breeding information, age, or health, neither respiratory nor reproductive. Any and all adjustments are between buyer and seller.

CATALOG- This catalog was prepared by the sale management team. Design by Stephanie Cronin, Inc - Stephanie Steck.

SUPPLEMENTS & CORRECTIONS- Announcements made sale day take precedence over materials printed in this catalog. Additional lot information will be available on the Internet at www.bpfcc.com, and as well as the clerk's desk on sale day.

HERD HEALTH- Lakeview Veterinary, Mitchell, SD - Dr. Jim Beatty.

JUNIOR HEIFER

- Awards will be given in the form of half cash & half credit towards a future purchase at BPF designated sale
- Awards are not eligible to be transferred to any other junior members
- Junior must provide BPF with a picture from the eligible heifer's win and agree to allow BPF to use the picture, names and other information for promotional purposes
- Exhibitors must be an active member and in good standing of the accredited junior breed association and abide by all rules and regulations required
- Animals purchased from October 11, 2010 - December 31, 2011 and each calendar year thereafter will be eligible
- Credit (s) to be used within 24 months of the original purchase date
- The purchased animal must have been purchased and registered by the junior and the animal must remain in that juniors name
- Junior must submit a request form to BPF within 90 days from the qualifying show. All forms will be available at www.bpfcc.com or by contacting 888-502-7322
- If any year is missed, future purchases will be credited to the next year purchases *IE: If you purchase a female in 2009 and 2010, the 2011 purchase would be the second year for purchases*
- This program serves as an incentive to youth involved in Agriculture and the Cattle Industry, BPF reserves the right to review the program and/or guidelines at any time

THE BULLS

We begin this outstanding offering with a royally bred herd bull prospect. He combines two of the leading bloodlines in the breed. His mother is the dam of the immortal Sooner, the sire and/or the grand sire of a large percentage of the heifers that have dominated the show ring in recent years. His sire, Premium Blend, was a two-time show bull of the year. This is an opportunity to get in on a bull that we believe will have a tremendous impact on the Maine-Anjou breed! This one is a polled, big-bodied sire that is built for the real world.

This Hard Drive son will be a female producing machine. His dam is a clean pedigreed, registered Angus cow by Raptor that is the definition of a ground sow. Hard Drive females are making tremendous mothers. Ryan Went said in his sale catalog that Hard Drive's have tremendous bone and leg hair in a moderate package. Furthermore, Ryan finished one Hard Drive heifer's footnote with "we all need more like this kind." If you have cows that need to be moderated in frame and need extra spring and depth of body this bull may be the key that your program has been missing.

Ref. Donor - 18K
 Dam to Lot 24,
 25 & 26.

Lot 24 is long necked, big bellied, and smooth in her makeup. She is not only very fancy phenotypically but has tremendous pedigree as well. She is an Ali out a full sister to Sooner's mother. In this day and age you cannot get one breed much better than that!

We have high hopes for this heifer's mother. The 301U is a Hard Drive daughter that we retained back last year that is as good looking, and as good structured as they come. She was bull bred to Boomer a little late and this heifer is a little later maturing, but we think she has the correctness and design of her mother. This heifer, in a good home, will be the buy of the offering. Her design is flawless and she just needs time and care to evolve into your next champion.

If your gonna play in a Texas band you better have a fiddle in it and if your gonna raise Texas show steers you better have a stout made, soft bellied, sound silver colored donor cow. Her she is! This one is clean all the way around and is ready to work to a wide range of different matings. This will dang sure show as a crossbred at the jackpots but this one's major success will be in what she produces. You don't find them built like this everyday. Don't miss your chance.
